An ISO 9001: 2015

A 3rd Generation Fastener Manufacturing Company

Into Business Since 2017

Manufacturing & Selling 3 Million pieces every day

Size Range M1.6 - M16

A vertically integrated plant with all processes in-house

Materials used stainless steel, carbon steel, alloy steel, brass and aluminium

OUR LEGACY

KGN Group is a leading fastener manufacturer in India. For nearly four decades, KGN has been a name to reckon in the manufacturing of next-generation industrial fasteners, furniture fasteners, & construction fasteners. We understand, innovate and manufacture the product like no one else does in the industry. In 2017 we took a technology leap forward to form KGN Hardware & Fasteners, an endeavour to manufacture specialized high quality international standards compliant fasteners and screws.

OUR GOAL

With zeal to outperform competition and to find recognition among global fastener manufacturers, KGN Hardware & Fasteners has set focus on becoming your single-source supplier of world-class fasteners.

OUR COMMITMENT

We guarantee consistent product quality, quick turnaround time and competitive pricing. By aligning with us you gain more than just the perfect fit between a fastener and its mate. You get a long term partner- a like-minded company that strives to improve your business. This commitment to you runs throughout KGN Hardware & Fasteners. and is evident in the high productivity, robust R&D, and rigorous testing standards we follow.

HEX HEAD BOLTS & SOCKET PRODUCTS:
