What are you waiting for?

The perfect combination of magazines, exhibitions exposure and B2B platform.

In addition to exhibiting worldwide, we're also doing more...

★ We are a worldly known agent for fastener, hardware, and components tradeshow. Every year we bring around 200+ Taiwanese companies to exhibit at major exhibitions around the world.

★ With 35 years of experience, we not only provide several int'l marketing media for your global market expansion, but also help you to get orders from buyers, importers, direct users, manufacturers, and traders, creating business opportunities for each other.

★ The complete and sufficient production & sales supply chain we've established for 35 years can definitely meet the need of any company around the world.
