Fasteners Private Limited
Quality with trust

ISO 9001:2015 CERTIFIED COMPANY

*Manufacturer & Exporter of :
Self Drilling Screw, Self Tapping Screw and High Tensile Bolts*

UNIGLOBAL
Fasteners Private Limited
Quality with trust

ABOUT US

Uniglobal Fasteners Pvt. Ltd. is a leading manufacturer and exporter of self drilling screw and high tensile bolts being manufactured by cold forging by high precision cutting edge technology. Our machines are of international quality which produce truly global products.

Standard and special materials are procured from a number of specialized suppliers who guarantee the highest quality standards.

Our in-house Quality Assurance division monitors these materials through the various production processes, including Heat Treatment and Plating. Mechanical and dimensional tests are carried out using the latest Tensile Testing and product verification methods. Components are produced to meet various ISO and international specifications and certified documentation is supplied on request.

Our Vision

Uniglobal Fasteners aims to help industrial, structural & automotive industries by manufacturing high quality fasteners with unbeatable service & support, respecting our natural & social surroundings at all times.

We aims to fulfil our commitments towards our organization, customers and collaborating companies even in opposing circumstances, maintaining high levels of commitment.

Our Products Range

UNIGLOBAL
Fasteners Private Limited
Quality with trust

High Tensile Hex Bolts

Grade	8.8, 10.9 & 12.9
Standard	DIN, ISO, ANSI, NON-STANDARD
Thread Type	Full Thread, Half Thread
Diameter/Thickness	M4-M24
Length	6 mm - 200 mm
Assembled Items	Washers, Nuts
Finish	Black Phosphate, Zinc Plated

Wing Screws

Material	Carbon Steel C1022
Standard	DIN, ISO, ANSI, Non-Standard
Head Type	Hex Head, Hex Flange Head
Diameter/Thickness	14(6.3mm)
Length	90mm/100mm/110mm
Finish	Zinc Plated, Nickel Plated

Allen Bolts

Standard	DIN, ISO, ANSI, Non-Standard
Diameter/Thickness	M6-M24
Length	6 mm - 200 mm
Assembled Items	Washers, Nuts
Finish	As per customer requirement

Our Products Range

UNIGLOBAL
Fasteners Private Limited

Self Drilling Screws (SDS)

Material	Carbon Steel -SAE 1022 / C1022
Standard	DIN, ISO, ANSI, Non-Standard
Head Type	Hex Flange, Wafer Head, CSK (Countersunk) Head
Diameter/Thickness	#8 (4.2), #10 (4.8), #12(5.5)
Length	1/2"-4"
Drilling Capacity	#4 (upto 8mm), #5 (upto 12mm)
TPI	14, 16, 24
Finish	Zinc Blue

Self Taping Screws

Material	Carbon Steel -SAE 1022 / C1022, SAE 1010, SAE 1018 etc.
Standard	DIN, ISO, ANSI, Non-Standard
Head Type	Hex, CSK, Truss, Pan etc.
Diameter/Thickness	ST 2.9, ST 3.5, ST 4.2, ST 5.5, ST 6.3
Length	3 MM - 100 MM
Drive Type	Phillips, Combination, Slotted, Socket, Torx Etc.
Screw Tip	AB, B, Dog Point, BT-Cut etc.
Finish	Zinc Plated, Nickel Plated

Drywall Screws

Material	Carbon Steel -SAE 1022 / C1022
Standard	DIN, ISO, ANSI, Non-Standard
Head Type	Bugle Head
Diameter/Thickness	#6 (3.5), #8 (4.2)
Length	12 mm - 100 mm
Drive Type	Phillips
Screw Tip	Pointed Tail
Finish	Zinc Black

Quality Policy

Customer satisfaction is our top priority and thus, the topic quality is also our top priority.

Our goal: zero errors.

The following processes are in place to ensure a quality product:

- We purchase only from vendors who have a proven track record of providing high quality product.
- Lot number tracking is maintained throughout our work flow and test certificates are stored in our system.
- Our quality control system is fully documented and records are kept on all internal testing. The level of testing is determined by our acceptance of the manufacturers own quality control procedures and our historical test data.

Moreover, We are committed to providing superior quality and performance to our customer.

Our commitment to total customer service and satisfaction includes;

- Using state of the art manufacturing technologies and equipment.
- Coupled with highly trained and capable personnel.
- Supported by appropriate professional staff and manufacturing systems.
- Creating a team environment of Total Quality Management.
- Including a Quality Control Lab committed to providing quality testing service to our clients.

Our Manufacturing

To meet the industry challenges, and with highly trained engineers we are manufacturing 3600 Metric Tons of fasteners annually. we have modern manufacturing facilities to reach all our customers in India & Abroad.

The very modern manufacturing facility of Uniglobal Fasteners is located in Panchkula, Haryana, which is fully connected to all regions of India whether it is Northern, Western, Southern & Eastern part of India.

UG[®]
BRAND

SELF-DRILLING SCREWS

HIGH CORROSION RESISTANT

Approved and used by

All Major Pre-Engineered Builders, Roll Formers and Roofing Contractors in India

UNIGLOBAL Fasteners

UG[®]
BRAND

WORLD CLASS,
INDIA'S FINEST FASTENERS
NOW AVAILABLE
AT
YOUR DOORSTEP.

"UG" FASTNERS PRODUCT DESIGN & ENGINEERING EXPERTISE WITH COST EFFECTIVE MANUFACTURING PROCESS.

WE ARE FOCUSED ON

- PROVIDING QUALITY PRODUCTS
- SUPERIOR SERVICE
- WIDE RANGE OF PRODUCTS
- SUPERIOR CUSTOMER SATISFACTION

Its anti-corrosive properties also help to withstand the most demanding weather conditions.

Whats more, our application specialist will also help you choose the one best suited to your needs.

Thats like "UG" self drilling screw, We deliver anywhere in india.

RUST PROOF WARRANTY 20-35 YEARS ZINC/XYLAN (AS 3566 CLASS 3 & CLASS 4)
