

# ARKOTHERM FURNACES

ELEVATING INDUSTRY WITH CONTROLLED HEATING SOLUTIONS

Consistent performance at a high degree

Advanced Thermal Processing Systems

Excellent technology

LEADING HEAT TECHNOLOGY

# ABOUT US

We are the pioneer manufacturers of **Heat Treatment Furnaces** and its allied products since 1960.

We cater to various industries as Cycle, Auto parts, Bearings, Valves, Gears, Tractor parts, Fasteners , Hand Tools, etc.

Quality, being our forte has kept us in the business since 1960. Our products are made with utmost care and using quality raw material with years of experience in the field of heat treatment furnaces & spares.

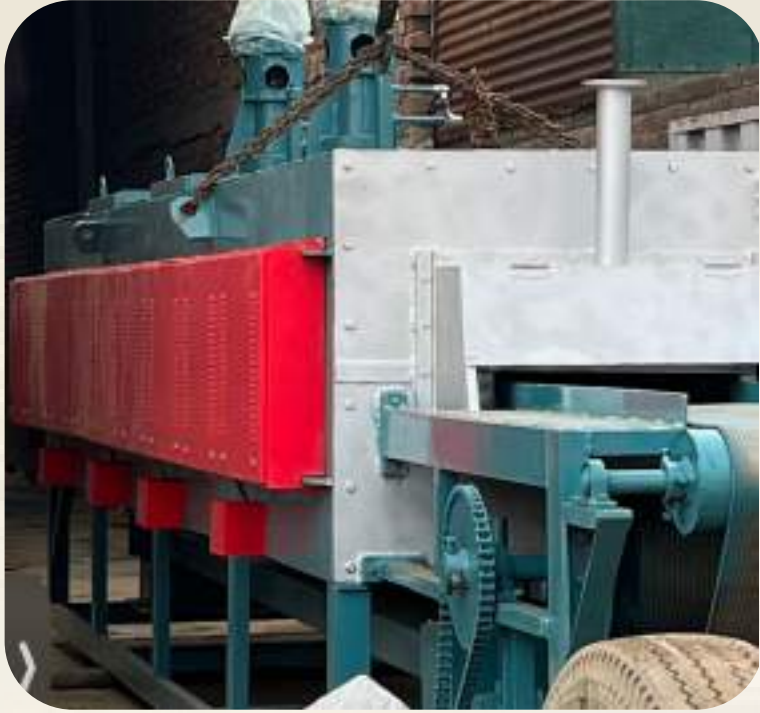

## MANUFACTURING RANGE

- Bogie Hearth/Grooved Hearth
- Bell Type (Electrical/Gas Fired)
- Drop Quenching
- Salt Bath
- Pit Type
- Chamber Type
- Aluminium Melting/Holding
- Conveyor Furnace
- Ovens/Driers
- Rotary Retort Furnace
- Hot-dip Galvanizing
- Washing M/CS
- Sealed Quench (Integral Quench)

## PROCESS APPLICATION

- Ageing
- Homogenising
- Solution Treatment
- Drying
- Case Hardening
- Nitriding
- Through Hardening
- Marquenching/Austempering
- Stess Relieving
- Normalising
- Forging
- Spherodizing
- Isothermal Annealing
- Aluminium Melting/Holding, etc

# OUR RANGE OF PRODUCTS

**Continuous Mesh  
Belt Furnace**

---

**Gas Carburizing  
Furnace**

---

**Bogie Hearth  
Furnace**

---

**Nitriding Furnace**

---

**Annealing Furnace**

---

**Salt Bath  
Furnace**

---

**Rotary Retort  
Furnace**

---

**Pit Type Tempering  
Furnace**

---

**Bright Annealing  
Furnace**

---

PARENT FIRM

**R.K. KOHLI & SONS**

(Formerly ESCO Furnaces)

# OUR RANGE OF PRODUCTS

**Chamber Type  
Furnace**

**Continuous  
Tempering Furnace**

**Blade Hardening  
Furnace**

**Radiant Tube  
Heaters**

**Industrial Ovens**

**Radiant Tubes**

**Ceramic Discs**

**Industrial Washing  
Machine**

**Sealed Quench  
Furnace**
